

Free rapid antigen tests in Vienna

In Vienna, there are several test centers where you can get tested for free. You can either drive through the test center by car or walk-in.

- The results are within 15 Minutes available
- Tests are for 24 Hours valid

The nearest Walk-In center is about 23 Minutes away from the hotel:

The Test Center on
Austria's
'Aula der Wissenschaften'
science building
1., Wollzeile 27A
is from Monday till Sunday
from 6 am till 9 pm open.

To make an appointment, you can either call Austria's Health Advice Hotline 1450 or follow the link (only in German):

app.wien.gv.at/covidregistrierung

After your registration, you will receive a QR code by email or text message (SMS). Please bring the QR code with you to the test centre!

Please note: Every person, who wants to get tested, needs their own QR code. Therefore, you need to register every person individually. The QR code is valid permanently, also for all future test appointments.

Tip: Make a screenshot of your QR code. This way you can access the code at any time even if you do not have internet connection.

For your appointment you will need to take with you:

- valid photo ID
- e-card (if you have one)
- QR code of your registration
- FFP2 face mask
- appointment confirmation

„Alles gurgelt!“ – Free PCR self-test for you at home

Everyone who stays in Vienna now has the possibility of taking a PCR test (gargle test method) for COVID-19 regularly and free of charge.

- You will receive the result within a period of 24 hours via email.
- The result is valid for 48 hours after the sampling.

Brief overview:

- Register and get your barcode from allesgurgelt.at
- Pick up your free-of-charge test kit (maximum 8 test kits in one go) at any BIPA outlet in Vienna.
- Log in to lead-horizon.org/public by entering your sample number. Follow the instructions and perform the test by gargling or rinsing your mouth.
- Test regularly – you can either gargle or rinse your mouth with the saline solution.
- Follow the instructions of the WebApp and perform the test. Hand in your PCR gargle/mouth rinse test at any REWE outlet in Vienna (BILLA, BILLA PLUS, BIPA and PENNY as well as at the petrol station).
- You will receive your result via email within a period of 24 hours. The samples are picked up at the REWE outlets twice a day (between 9 a.m. and noon as well as between 2 and 5 p.m.).

Antigen Rapid Tests or PCR Tests by Pharmacies

Some pharmacies carry out free of charge rapid antigen tests for people without symptoms. You need to phone the pharmacy and make a prior appointment to get tested. Bring your e-card to the test.

- Registration over the telephone: 0800 220 330 (every day from 7am till 10pm)
- Online Registration: apotheken.oesterreich-testet.at
- For a PCR-Test you must call directly at the pharmacy for an appointment
- Bring your e-card (health insurance card) - if available - to your test appointment, as this will be used for identification.
- The antigen test will be performed by a pharmacist in compliance with the necessary protective and hygienic precautions.
- In case of a negative test result, you will receive a test confirmation from the pharmacy, which, if it is not older than 24 h, is valid as a free test for body-related service providers.
